## ABOUT ME

I'm 19 years old student and I'm looking for my first job on position Frontend developer. I'm hardworking and self-motivated with ability to fast learn and collaborate. Motivated to provide clients with user-friendly applications.

## MY MAIN PROJECTS

### Dentist landing page

<https://github.com/NazarZah/dentist-landing>

This a simple React-based landing page provides information about dental services, team of doctors, and much more.(here all the data is test)

### Portfolio

<https://github.com/NazarZah/portfolio>

This project is a personal portfolio website built using React. It serves as a showcase of the developer's skills, projects, and contact information. The website utilizes the React Router library for navigation and includes various components for the navigation bar, footer, home page, projects page, contacts page, and a page for individual projects.
